THE UNION REPUBLICANS of the first Congressional district of Illinois (the Chicago district) have nominated Hon. NORMAN B. JUDD as their candidate. His election by a large majority is certain. Mr. JUDD was minister to Prussia under Mr. LINCOLN's administration.

THURLOW WEED has formally withdrawn from the Republican party, and cast in his lot with the Democrats. He had no where else to go.

—The Paris Museum of Artillery has just been enriched by a historical cannon; it is an immense culverin, twelve feet long, and weighing twenty-six thousand pounds, and bearing an inscription in German, declaring "My name is Griffin; I pierce walls. Sir Von Gotz cast me in 1520."

—IN burning carbon to carbonic oxyd a pound of oxygen generates only 2,962 units of heat, while in burning this canbonic oxyd into carbonic acid, a pound of oxygen generates 4,258 units of heat.

—Charles Reade has made a furious onslaught on the *Round Table* for its criticism on the novel of Griffith Gaunt. The *Round Table*, according to Reade, is one of the genus "Prurient Prude."

Indian Outbreak in New Mexico.

NEW YORK, October 12.—The *Herald's* Washington special says: Intelligence from New Mexico indicates an outbreak among the Indians, which, if not quelled at once, will lead to a very savage and devastating war, and an expenditure of many millions of dollars. It appears that the Indians are in a starving condition. Game having entirely disappeared from their country they are compelled to kill the stock of settlers or starve to death. By doing so they come in collison with the settlers. Already blood has been shed, and an intensely bitter feeling on the part of the Indians is manifested. If hostilities are fairly commenced all the bands will be involved, and together they can muster between 4,000 and 5,000 warriors. Troops have been sent into the country, and several volunteer companies have been organized. Orders have been given to issue rations to the starving Indians with the understanding that they will be stopped immediately upon the commission of any depredations.

News from Panama.

NEW YORK, Oct. 3.—Advices from Panama to the 3d state that the New State President General Orlan had been inaugurated.

The brig Shur ater from Mexico brings $1,000,000 for Europe.

The people on the southern coast are expecting the return of the Spanish invaders, but the Republicans were all quiet.

The United States steamer Lancaster sailed from Callao on September 10th, under command of Captain Rigeley.

The commander of the steamer Davenport has been transferred to the Powhattan.

Considerable discoveries of opal have been made in Honduras.

The tobacco crop is expected to be large, and the country is generally prospering.

Owing to suspicious and troublesome foreigners settling in Honduras, the government has passed very stringent laws concerning all strangers.

Grand European Alliance Urged.

NEW YORK, October 12.—The Hibernian's mail contains the following items of foreign news:

The *Opinions Nationale* of Paris, Prince Napoleon's organ, has an article urging the necessity of a confederation on the part of England, Austria, Prussia, Italy and Spain, as to form a power capable of driving Russia back into Asia, and at the same time convincing the United States of the propriety of attending to the matter of colonizing a continent at home.

The Russia-American alliance, the Candian revolution, the Mexican question, and the news from Mexico, with the report from Germany, all tending to the disquiet of her rulers and people.

The Laclede Races.

ST. LOUIS, October 12.—To-day has been a very exciting day on the Laclede course. The first race, mile heats, free for all feather weight, premium five hundred dollars, was won by Count Bismark; time, 1:45, 1:45½. His competitors were Bushwhacker, John Scott, Prairie and Blue Flag. The second race, two mile heats, free for all, premium one thousand dollars, was won by Muggins; time, 3:41, 3:42½; competitors, Stonewall Jackson, Derby, Ringmaster, and Copper. The third race, three mile heats, free for all, premium two thousand dollars, was won by Harry of the West; time, 5:35½, 5:36. This was the best and most exciting race of the week. The time of the first heat is said to be remarkable.

Origin of the Ledger's Report—The Storm.

NEW YORK, Oct. 12.—The *Post's* Washington special says: A morning paper charges one of the officers of the Postoffice Department with originating the Philadelphia *Ledger* hoax.

The Cavalry Bureau in the War Department has been abolished.

The storm has abated but little and the destruction of property continues. The railroad trains are running.

From New Orleans.

NEW ORLEANS, Oct. 12.—Arrived—Ship Polar Star, from New York, and bark Celeste Clarke from Boston.

There were seven deaths by yellow fever yesterday.

NEW ORLEANS, October 12.—A fire this morning destroyed the three upper stories of the four story building on the corner of Canal and Crossman streets, occupied by E. B. Halan, tin ware manufacturer. The loss was about fifty thousand dollars, partially insured.

Roman Catholic Council.

BALTIMORE, Oct. 12.—The Roman Catholic Plenary Council have another public session on Sunday, when pontificial high mass will be celebrated.

The rain still continues at intervals, with heavy easterly winds.

The Case of Capt. J. E. Bryant.

AUGUSTA, GA., Oct. 12.—In the case of Capt. J. E. Bryant, late of the Freedmen's Bureau, who was charged with larceny, after trust reposed by freedmen, the grand jury of the Supreme Court of this county have ignored the bill.

Milk Biscuit at Marvin's, No. 64 Fourth street.

Take Care of the Teeth.

No matter how handsome the features of the human face may be, if the teeth are illy shaped, irregular or decayed, for all beauty depends upon handsome molars and incisors. Parents show a criminal neglect towards their children, if they refuse to attend to their teeth while they are young. A careful and experienced dentist, such as Dr. G. W. Spencer, No. 254 Penn street, should be as indispenible in a family, as a medical practitioner. He is thoroughly acquainted with causes of decay in the teeth, and can prevent teeth from becoming irregular or misplaced. But Dr. Spencer has such an extended reputation for making false teeth, which surpass in beauty natural ones, that most people grow utterly regardless of the condition of their natural ivories, trusting to his genius to supply them with artificial ones. We find fault with their taste, but to see a set of teeth in the mouth of a friend, which adds one hundred per cent to his or her good looks, almost makes us feel like drawing our sound natural molars, and having Dr. Spencer supply us with a full set of his inimitable false specimens. To all who desire a sound set of teeth, which will prove comfortable in the mouth, and with which you can eat the hardest of food without any difficulty. We would recommend Dr. Spencer's, palatial dental establishment, No. 254 Penn street, as the place to patronize.

Artistic.

To form an idea of how much photographic art has advanced toward perfection within a comparative short period, you have only to drop into the exhibition rooms of B. L. H. Dabbs, No. 26 St. Clair street and examine the exquisite works of art that adorn the walls.

The dull, cold, senseless, daubs which we see so often thrust forward by men, who to call artist is to perpetrate a misnomer, as specimen creations are no where to be compared to Dabbs' pictures, than the broad open daylight to the ebon darkness of night, the delicate roseate lines of the opening rose to the great garnish glaring and vulgar coloring of the sun flower. In Dabbs pictures there is something so natural, so much like the perfection attained only by the old masters, and withal such a rare finish, as cannot be excelled by any other establishment in the country. We advise all persons, and especially strangers in the city, to visit this exhibition room, as no other place affords such an excellent opportunity to spend an agreeable hour.

Betting on the Elections.

In order to satisfy a number of correspondents who daily address us for information regarding the validity of bets, we here give our opinions upon the subject. No person should bet unless they feel very positive that they will win. Betting is illegal, excepting, perhaps, it be a wager of a pair of those excellent boots gotten up by Robinson & Co., 61 Market street, at such cheap prices. When the parties show so much good judgment by selecting Robinson's cheap boot and shoe store as the place whereat to make their purchases, we can excuse the practice of betting.

Nitrous Oxide Gas

Without extra charge. Hundreds of Teeth extracted every week without the slightest pain, by the use of the above safe and pleasant agent. Perfect safety and no bad effects afterwards. Gas fresh every day and warranted chemically pure. Artificial teeth, substantial life-like, perfect in fit and finish, and the cheapest in the city.

N. B.—Nine first class assistants, besides two ladies always in attendance. Only from $10 to $15 for the best work. The artificial human eye adjusted without pain.

G. W. SPENCER,
Dentist, 254 Penn street.

Toothsome Delicacies.

Our readers should not fail calling at the popular Continental Saloon, next door to the Postoffice, in the basement, on Fifth street, for a dinner or a meal fit for a king. Mr. Holtzheimer, the proprietor, has long enjoyed a high reputation in his business, and having established a first class line of custom, he endeavors to sustain his reputation by giving strict and careful attention to his business. This is, without exception, the best managed saloon or dining room in Pittsburgh.

Tom T. Ewens

At his old and well known gas fitting and plumbing establishment has just received a number of new styles of chandaliers and gas fixings, which will commend themselves to the attention of the house furnishing community. Country residents will find at this house a stock of superior iron and wood pumps, which cannot be surpassed by any house west the mountains. All work connected with gas, steam or water, will be promptly and carefully executed in the best and most durable manner. Remember the place, No. 165 Wood street.

Nervousness.

The cure of nervousness is best effected by restoring the healthy action of the stomach and bowels, and by proper exercise in the open air. The stomach should not be overloaded with indigestible food, the bowels should be occasionally relieved by small doses of *Roback's* BLOOD PILLS. The eminent surgeon Abernethy's injunction to a nervous lady is worthy of a place here: "Dismiss your servants, madam, and make your own beds."

FROM WASHINGTON.

Switzerland Mail Facilities—Naval Arrangements—Mutilated Currency—Appointments by the President—The Storm in Washington.

WASHINGTON, Oct. 12.—Letters and printed matter of every kind posted in the United States, and addressed to Switzerland may be transmitted to their destination via Belgium, and in mails made up at New York and dispatched by means of the new line of American steamships running direct between New York and Antwerp. Correspondence for Switzerland forwarded in the mail to Belgium by direct steamer to Antwerp, will be subject to the following rates of postage, the same being in full to destination: On letters 13 cents per single rate of half ounce prepayment optional; on newspapers, gazettes and periodicals 4 cents for each weight of three ounces or fraction thereof, prepayment required; on books, pamphlets and other printed matter 13 cents for each ounce or fraction of an ounce prepayment required.

The State Department has received the notice to marines issued by the Navy Department of Denmark on the 10th of September, and which is as follows: That the light vessels at Lazoe Trindeon, at Kolbern Runder, and at Annolt Knob, which have been withdrawn from their stations from the 31st of December to the 1st of March, will hereafter, as well as the light vessels in Droggden Lazoe End, be kept at their respective stations all the year round, as long as the ice will permit; and, further, that all said light vessels, when forced by the ice to leave their stations, will be replaced as soon as circumstances allow.

It has been decided by the Acting Controller of the Currency that mutilated currency must be redeemed by the redemption agencies of the National Banks at the commercial centers so long as no responsible doubt exists as the identity of the notes presented. When the notes are so badly mutilated as to make the value or identity difficult to determine, the case should be referred to the bank by which they were issued.

The Treasury Department has been informed that smuggling operations of an extensive character have been carried on from Matamoras to Brownsville. The withdrawal of the troops from Brownsville has the smugglers an opportunity to effect their unlawful purposes, which they have been prompt to seize. Measures have been taken to prevent these transactions.

Such is the activity of smugglers at the various points on the frontier that the exercise of the greatest vigilance is required from the revenue officers in the performance of their duties.

The following appointment of revenue officers was made to-day: Jas. W. Eldridge, Assessor of Ninth District of Indiana; Postmasters—Wm. S. Cook, Paris, Illinois; Jas. G. Hatchett, Frankfort, Kentucky; J. J. Thomas, Newport, Kentucky, and Wm. A. Trowen, Shelbyville, Illinois.

The rain which commenced on Wednesday has continued without any intermission up to the present time, causing a wide spread destruction of property in this city and vicinity. The water in the East branch is over the floors of the bridge, and large quantities of drift wood are piled up against the Long Bridge over the Potomac. Many bridges, fences, huts and crops, on the banks of the rivers and creeks, have been swept away, together with other property. Various families living in the low grounds are suffering much in consequence of the partial submerging of their tenements.

The New York Times on the Elections—The Confederate Cotton Loan.

NEW YORK, Oct. 12.—The *Times* says: The results of the last elections show very clearly that the contest has been almost precisely as it was two years ago between the Democratic and Union parties. The differences between Congress and the President have had no perceptible influence upon the party divisions of the past four or five years; nor has the Philadelphia Convention, strong as was the impression which it made at the outset upon the public mind, produced any marked effect upon political organizations in the several States where elections have been held.

The following note calling attention to the value of the Confederate Cotton Loan, is sent to the Editor of the London *News*, Sept. 28th:

"On the part of the committee, I beg leave to say that they have the greatest confidence in the Rebel promises to pay, provided they were permitted to do so, and they base their confidence not only on the information they receive from the South, but likewise on the testimony given by General Robert E. Lee before the Reconstruction Committee appointed by Congress. I trust, Sir, your sense of justice and fair play will induce you to publish this testimony. I may further add, that no such political blunder was ever committed by any statesmen who had the restoration of the Union at heart, as compelling the South to repudiate their debt, and especially this paltry foreign debt of twenty-four hundred thousand pounds, for which cotton was hypothecated. The result has been to retard the returns of prosperity to the South and to annihilate their credit in Europe. They required and still require money for the cultivation of their estates to enable them to grow more cotton, tobacco and sugar, and repair their railways. They offered any terms but that fatal word repudiation, although far on them, has been the stumbling block to their obtaining a shilling. The Committee believe that this fatal word, so far as the cotton loan is concerned, is destined shortly to be blotted out and then the money markets of Europe will be again open for the promotion of Southern enterprise and a renewed era of prosperity will dawn.

[Signed.] WM. MORGAN.

France Opposed to American Accession—Russia Opposed to Granting France any Benefits from the Division of Turkey.

NEW YORK, Oct. 12.—The following extract from the Vienna *Press* will explain what is thought of the American-Russian alliance:

It says that a correspondent writes to some German paper that the Cabinet of Tuilleries is doing all in its power to prevent the American republic from obtaining a foot hold in the Meteterranean by the purchase of an Island of the Grecian Archipelago. It is necessary for France to prevent the United States, who strikingly hindered Napoleon from middling in the oriental question. In this matter English interests agree with those of France.

It is for this reason it is said, that England offered to lend financial aid to the Sultan, on condition of his resisting the brilliant offer made by the Cabinet of Washington, for the cession of a part of the Island of Milos, but the Russian interests are diametrically opposite to those of the Eastern powers. It is necessary and sound policy on her part, to form of the United States, an interested ally, in the question which is about to come up in the East.

It is well known in St. Petersburg that the American republic, if it succeeds in obtaining a firm hold on some part of the Mediterranean, has no intention of taking any share of the spoils in the event of Turkey being divided. Her intentions are to prevent France from acquiring any benefit now, or in the future, from the catastrophies that might follow the breaking up of the Turkish government and country, and as far as England is concerned to act in such a manner that her power in the Indies will be broken. These are also the two objects which Russia has in view.

THE FLOOD IN MARYEAND.

Damage Greater than First Reported.

SEVERAL LIVES REPORTED LOST.

BALTIMORE, Oct. 12.—The loss of the small bridge at Ilchester will not delay the regular freight or passenger train to-morrow. The storm has been confined to the vicinity of Baltimore. There is no rise in the Potomac.

BALTIMORE, Oct. 12.—Accounts received from the Upper Potasco show that the damage by storm was much greater than was reported yesterday. The large dam of the Union manufacturing company, with a part of its mill, stabling and horses, together with the bridge connecting the works with the Baltimore and Ohio railroad, were all swept off. The dam of the Granite factory, at Elliott's, and much other property at that point, in addition to that before mentioned, has been destroyed. Many houses and much property in the Potasco Valley are seriously damaged.

There are reports of several lives being lost. Two persons are believed to have been drowned at Elliott's Mills. Repairs to the Baltimore & Ohio Railroad are actively progressing. The tre-tling at Illchester is nearly completed, and trains will soon pass as usual. On the Washington branch trains are running with very slight delay. Some portions of the track have been submerged, but no damage of moment has resulted.

BALTIMORE, October 12.—Among the establishments that have suffered by the storm and flood are the following: Gray's factory, the Union factory, the Thistle and Granite factories, at Ellicott's Mills, the Alberton factory at Ellisville. The dams are all destroyed or greatly injured, the dam of the Avalon, and iron works, near the Relay House, on the Baltimore and Ohio Railroad, is broken and the buildings are flooded and damaged.

The Alleged Queries.

PHILADELPHIA, October 12.—The proprietor of the *Public Ledger* has caused vigorous investigation to be made into the origin of the dispatch which appeared in its columns on Thursday last relative to the questions alleged to have been submitted by the President to the Attorney General. All the facts connected with the dispatch, the original paper, the names of the Washington informants of the *Ledger's* correspondent, and the grounds upon which the dispatch was based, have been forwarded to Washington for submission to President Johnson.

Bold Bank Robbery.

BOWLING GREEN, October 12.—A gang of six men, robbed the railroad offices and stores at South Union, about six o'clock this evening, taking about thirteen thousand dollars, three hundred of which was specie. Also a large quantity of dry goods. Three of the men had their faces blacked, and the description of the other three, very nearly answers that of the men who robbed the way train, yesterday. They left in the direction of Franklin.

Louisville Theatre Burned.

LOUISVILLE, Oct. 13.—At half past eleven o'clock last night—about five minutes after the audience had left—the *Louisville Theatre* took fire, and is now a mass of ruins. The Jewish synagogue in the rear is on fire, with all probability of being extinguished with slight damage. For a time the destruction of several contiguous buildings seemed eminent, but they are now out of danger.

Foreign Markets by the Cable.

LIVERPOOL, October 12.—The brokers' circular reports the sales of cotton for the week at 96,000 bales. The sales to-day have been 18,000 bales. Middling Uplands have advanced to 15½. The market for provisions is easier.

LONDON, October 12.—The money market is slightly easier. Consols for money closed at 89¾; United States 5-20's, 71¼; Illinois Central Shares, 78¼; Erie Shares, 48¼.

Interview With Jeff. Davis.

FORTRESS MONROE, October 11.—Dr. Robinson and Prof. N. P. Smith arrived here to-day, and had a protracted interview with Jeff. Davis.

The third annual Conference of the Methodist Episcopal Church South will meet in Norfolk on November 21.

Congressional Nomination.

RONDOUT, N. Y., October 12.—At the Union Congressional Convention for the Thirteenth District at Catskill yesterday, Thomas Cornell was nominated for Congress.

Gov. Brownlow.

NASHVILLE, Oct. 12.—Governor Brownlow and staff arrived here this morning. The Governor's health has improved.

CITY AND SUBURBAN.

(ADDITIONAL LOCAL NEWS ON THIRD PAGE.)

Delegate Meeting of the Board of Missions of the Protestant Episcopal Church.

In pursuance of resolutions adopted by the Board of Missions, in October, 1865, the City of Pittsburgh has been selected as one of the places for holding the next Delegate Meetings of the Board. The order of services appointed is as follows:

Sunday evening, October 14th, at St. Peter's Church.—A missionary sermon to be preached by the Rev. A. N. Littlejohn, D. D., Rector of Holy Trinity Church, Brooklyn, N. Y.

Monday evening, October 15th, at Trinity Church.—Informal meeting for the discussion of missionary topics.

Tuesday Morning, October 16th, at Trinity Church.—Informal meeting as above.

Tuesday night, October 16th, at St. Andrew's Church.—Public missionary meeting, with speakers and addresses as follows:

1. R. Rev. R. H. Clarkson, D. D., Missionary Bishop to Nebraska and Dakotah. "The Missionary work universally and perpetually obligatory on the Church of Christ."
2. Rev. Charles H. Hall, D. D., Rector of the Church of the Epiphany, Washington, D. C. "On Missionary work, past and present, as related to the Life, Growth and Future of the Church."
3. Rev. George Leeds, D. D., Rector of St. Peter's Church, Philadelphia. "Special claims at this time upon Christian sympathy and help."
4. Rev. John Cotton Smith, D. D., Rector of the Church of the Ascension, New York. "Missions to the heathen a duty, founded on the Church's great Commission, their influence upon Christian as well as Missionary life at Home."

Wednesday, morning, October 17, at Trinity Church.—Morning prayer and the Administration of the Holy Communion.

Wednesday night, October 17, at St. Andrews Church.—Public Missionary meeting with speakers and addresses as follows:

1. Rev. J. H. Hobart, D. D., Rector of Grace Church, Baltimore. "The missionary work among us not what it ought to be—and why?"
2. Rev. A. N. Littlejohn, D. D., Rector of Holy Trinity Church, Brooklyn, N. Y. "Our system best adapted to meet the religious wants of our country."
3. Rev. James Craik, D. D., Rector of Christ Church, Louisville, Ky. "Suggestions tending to improve existing methods of conducting Missions at home and abroad."
4. Rev. G. J. Geer, D. D., Rector of St. Timothy's Church, New York. "The best means to be used by the Parochial Clergy for awakening and maintaining missionary zeal in their respective congregations."

Collections in behalf of the funds of the Board will be made at each public service.

Several of the Bishops have signified their purpose to be present at these meetings.

N. B.—It is to be observed that the informal meetings, as well as all others, are open to the public; and all persons are cordially invited to attend.

Interesting Services.

The second service of the Centennial series, to be held during this month, was held last evening in the Pennsylvania Avenue Methodist Episcopal Church, Sixth ward. Rev. S. F. Jones, A. M., pastor of the Liberty street M. E. Church, delivered an eloquent sermon, founded on the following text: "Praise waiteth for thee O God in Zion." At the close of the discourse, the Sacrament of the Lord's Supper was administered. The audience was large and deeply interested in the services. Quite a number of ministers were present, among whom we noticed, Rev. Dr. C. A. Holmes, S. Burt, W. Long, M. L. Weekley, J. A. Miller, of this city; and Rev. Mr. Squires, pastor of the Cumberland Presbyterian Church on Sixth street; Rev. R. L. Miller, of Birmingham; Rev. W. P. Turner, of East Liberty; Rev. R. T. Miller, of Braddocksfields. The next service will be at Liberty street M. E. Church, Friday evening, 19th.

Illegal Voting.—There came before Alderman Nicholson, yesterday, a citizen named William Trimble, who, being duly sworn, proceeded to charge one Adolphus Ebenhart with illegal voting. Adolphus, it appears, is employed at the Manchester P. R. W. Stables as "boss" and it is said has his *bona fide* residence in Fayette county, from whence he came several weeks ago. But he wanted to exercise the right of a freeman and put in his ballot for his man on Tuesday last at the 1st ward, Allegheny, polls. The criminality arises from the fact that he had no residence there. He was required to enter into all to the amount of $500 to answer the charge at the next term of the criminal court.

Personal.—Dr. C. A. Holmes, pastor of Smithfield Methodist Episcopal Church in this city, has just been elected President of the Iowa Wesleyan University, in the room of Dr. Charles Elliott, resigned. This institution is located at Mount Pleasant, Iowa. Should he accept the call, the institution will find in Dr. Holmes one worthy of the distinguished honors conferred upon him.

Mrs. General Grant is a grand-daughter of the Rev. Wrenshall, the first Methodist local preacher licensed west of Ohio, and well known in the early history of Pittsburgh.

Cool Robbery.

Yesterday evening two men entered the gentlemen's furnishing store of Mr. W. Green, on Smithfield Street, near Fifth, and requested Mrs. Green, who was alone in the store, to allow them to examine some shirts in the rear of the establishment. One of the parties proceeded to look at some of the garments, while the other stood near the front door. Completely shut out from the sight of the lady by his companion, who adroitly held up the shirts before her eyes, the fellow in the front extracted from the money drawer in the counter some forty dollars in greenbacks and national currency. The thieves have not yet been detected, although the police have been notified of the robbery, and are in pursuit of them.

Probably Fatal Accident.—One day last week a little son of Philip Secondgost, of Greenville, was driving a horse which was employed to move a house, when some part of the harness broke, and let the beam to which the horse was attached fly back with great force. The little boy happened to be walking behind at the time, and received the stroke full in his face, inflicting a wound which is likely to prove fatal.

New Reading.—We have received from J. W. Pittock, opposite the Postoffice, the *Galaxy* for October 15th, *Harper's Weekly*, *Frank Leslie's*, the *Nation*, and the *Round Table*. All are good numbers and well worth the reading. It would be difficult to find a more full assortment of good books, papers, photographs, &c., than are kept by Pittock.

Amusements.

OPERA HOUSE.—The complimentary benefit tendered to Miss Caroline Richings last evening at this house drew forth an immense audience, the auditorium being crowded in every part. Balfe's opera of the "Rose of Castile" was produced with eminent satisfaction to all. This afternoon there will be a matinee, when the "Daughter of the Regiment" will be given. The house should be crowded, as this is the last performance of the Richings troupe.

THEATRE.—W. J. Florence and his talented wife bring their successful engagement of two weeks to a close this evening. There will be a matinee this afternoon for ladies and children, and to-night the Florences will appear in a variety of characters for the last time. On Monday evening the popular actor John Brougham will put in an appearance in a favorite role.

TRIMBLE'S VARIETIES—A rare bill of entertainment is offered at this house this evening, consisting of a sterling drama, a choice melange of singing and dancing, with Irish eccentricities by the popular Carleton. If you wish to pass a pleasant evening you should go to Trimbles.

AMATEUR—The Birmingham Amateur Dramatic Association gave a performance last evening in Town Hall in that place to a large and appreciative audience.

Winter is Approaching.

The dark cold days which have lingered about us during the past week, warn us of the approach of winter. Wardrobes will at once be ransacked for heavy garments, which were cast aside for more fitting ones of summer, and prudent housewives will hurry to the bazarr, to make purchases of material suitable for the frosty season approaching. Messrs. Bates & Bell, at their popular dry goods emporium, No. 21 Fifth street, have taken time by the forelock, and laid in a very superior stock of fresh woolen goods and heavy materials, for fall and winter wear. They have used unusual care and judgment in the selection of dress patterns this season, and now confidently promise their patrons selection from a stock unsurpassed by any house in the city. Their cloak and mantilla department will be found as attractive as ever, all the latest Paris and New York styles having been introduced. The firm in this particular branch of trade enjoy such an enviable reputation among our fair readers, that we feel it is useless to make any extended notice of the beautiful and seasonable stock of goods, just placed upon their shelves. Their prices are proverbially low, while active, intelligent and accommodating salesmen are in constant attendance at the counters. Country merchants and others, who buy to sell again, will find it conducive to their own interests, by favoring this house with a call.

Gone into Retirement.

Yesterday afternoon a man named John Welsh got slightly "under the influence," and commenced cutting up at the famous old battle ground at the corner of Wood and Water streets. Among other innocent diversions he knocked an unoffending colored boy off the pavement into the gutter. Officer Wrigley set out to capture the rampaging individual, and the latter took to flight, and skipped here and there through alleys and backyards, until at last the officer chased him into the back door of the saloon on the corner aforesaid. Just as officer Wrigley entered at the rear of the saloon, the pursued was going out at the front door. As he passed out the colored youth whom he had first knocked down, retaliated and subserved the ends of justice by, in turn, knocking down the fugitive. Welsh was captured by his pursuer before he could regain his perpendicular, and was taken before the Mayor, by whom he was committed thirty days for disorderly conduct.

Lost Their Booty.

A horse and buggy, the property of Mr. John Murphy, residing in the neighborhood of the Brogue Tavern, in Chanceford township, York county, was found on Sunday morning, September 30th, hitched at the stable of Messrs. Hoppenstall and Gohn, at the Canal basin, in Wrightsville. The thieves, of which there were two, drove up the towing path of the canal, arriving there about one o'clock that morning, and were seen by a boatman, but becoming alarmed, abandoned their booty and made their escape. The theft was committed some time during night, and on Sunday morning Mr. Murphy recovered his property. The jail birds are still at large.

Tinware, Stoves, &c.

The attention of our readers is directed to the advertisement of Mr. P. C. Duffey, practical tinner, No. 146 Grant street. Mr. Duffey has in store a fine assortment of stoves, tinware, cooking utensils, and everything usually found in a first class establishment of this character. He manufactures to order, and being a first class mechanic himself, and employing none but the best workmen, our readers can depend upon the durable and neat character of his work. Mr. Duffey is a fair dealing and accommodating gentleman, and we earnestly recommend our readers to bestow upon him the liberal patronage he merits.

Mournful Event.—A little son of Mr. Daniel Pittentorff, and grandchild of Mr. Solomon Powers, of Gettysburg, aged about three years, fell into a bucket of scalding water which was near the door of the kitchen, on Saturday last, and was so much injured as to cause his death the next morning.

Interesting.—A dog fight, stakes $100 a side, took place at Pioneer on Friday last. It lasted forty-six minutes and a half, and resulted in favor of a dog named "Watch," formerly owned in Watkins, New York. It is said that fifteen hundred spectators were present.

Two Hundred Patterns braid and embroidery, and slippers, stamps for sale, and stamping done; also indelibl stamping and receipt for sale, and model for cutting ladies and children's dresses where anyperson can learn in twenty minutes. No. 112 Grant street.

Get the Best—They Always Give Satisfaction.

Every week, Dr. Quincy A. Scott is called upon to insert Artificial Teeth in cases where other dentists *have tried, been paid, and failed*, and in every case *his* work gives entire satisfaction. He is quite an artist in his line of business, and has merely to examine a case know how to articulate the teeth so that they will present a handsome and natural appearance, and will masticate the food thoroughly. *His prices are lower than those of any dentist in the city*, and he will *guarantee* his work to be superior. So it would better for any of our readers who are in want of teeth, to call upon the Dr. in the first place, and thereby save their time and money. We would also *assure* those persons who are suffering with diseased and unsightly teeth that they can have them extracted *without any pain whatever*, by calling upon Dr. Scott. He has extracted for *over ten thousand* persons within the last seven years, and among this large number there is *not one case* in which his process has proved injurious. On the contrary, he can refer to numbers of his patients who claim to have been benefited in renewed health. He extracts numbers daily by the new "Rhigolene or Vapor" process, and gives pure Laughing Gas to those who desire it, without charge. He makes no charge for extracting when artificial teeth are ordered, and gives a full set on Vulcanite, with beautiful gums, for eight dollars. Remember his number, 278 Penn street third door above Hand.

The Pittsburgh Gazette.

SATURDAY, OCTOBER 13, 1866.

THE PRESIDENT SUBMITS.

The telegraph informs us that the President disclaims those questions which he was reported to have sent to the Attorney General, and upon which we made some remarks yesterday. We entertained and expressed some misgiving as to the authenticity of the report at the time; but thought it better, for the time being, to speak of them on the assumption that they might be true. It turns out, however, that the report was a mischievous canard, and we are glad that it does so turn out.

The effect of the publication in New York was to run up the price of gold some four per cent. This, doubtless, was the object of the parties who originated it. But how did it happen that a baseless story of the kind could have such an effect—so alarm the whole country and shake the money market? Because it was so much in accord with the previous utterances of the President. People had not forgotten his speeches wherein he declared that this was only "an assumed Congress, and not the Congress of the Constitution"—was a body which "claimed" to be the Congress of the United States—"hanging on the verge of the government," and many other similar expressions. It was these outrageous but well remembered declarations that gave point, force and effect to that which would otherwise have been instantly branded as an absurd and ridiculous canard.

It is now stated on the authority of the President, that he will yield to the verdict of the country as expressed in the elections. This is well. His promises hitherto have not been well kept; but we think he will keep this one. We may calculate now that he will treat the representatives of the people with decent respect. He has tried the experiment of playing the part of a dictator; but finds that he cannot do it. He excited expectations in the minds of the rebels, which have turned to bitter ashes, and now they will hate and despise him. He leaped into the democratic boat and sunk it; so they will probably cut loose from him. He tried to corrupt the party that elevated him to power by means of the vast governmental patronage at his disposal; but not a man who was worth the powder to blow him up would accept his bribes or bend the knee to his image; and now, forsooth, in utter helplessness and abandonment, without a party, without anything to lean upon, without any to love him or trust him, and crushed under the tremendous weight of a nation's wrath, he cries out, "I submit." As powerless and partyless as JOHN TYLER, and with a record darkened by tenfold more outrages, wrongs and follies, he is left to wade through the remainder of his term as best he can. Thanks to God and to a gallant people, he is no longer capable of doing serious mischief.

INTERMEDDLING ABROAD.

Few countries are so blessed with abundant natural advantages in climate, in soil, and in mines, as Mexico. No people of the white races have made so wretched use of splendid gifts as the Mexicans. They seem to sink from bad to worse as by a law of gravitation. When a looker-on imagines the bottom has been reached, and that whatever farther change occurs must be an improvement, a fresh chasm opens, and beneath the deep abyss appears one still more profound.

Most forms of government have been tried, and found equally unavailing. The elements requisite to the existence of a well ordered State are manifestly wanting. Imperialism and republicanism make feeble protests against the congenial anarchy, and both are speedily overwhelmed by it. Governments of force and governments of opinion are alike futile. Unrest and insecurity, the two conditions under which social and productive improvement are impossible, are perpetually present.

A few years ago the Emperor of the French conceived the idea that the defect was not so much in the essential character of the people as in the lack of capabilities in the men entrusted with the administration of public affairs. By an inconceivable succession of accidents or mischances the wrong men had been placed at the head of the government under all the various forms essayed. If the right men could be placed at the top, and kept there awhile, order would be evolved out of chaos, and an era of prosperity would commence. Upon this idea he acted. More conspicuous for his astuteness in detecting character and in molding men to his uses, than in any other of the high qualities of rulership, he selected his agents for Mexican regeneration, and chose his opportunity. In some important particulars events conspired to aid his enterprise. The rebellion in the Southern States shielded him from interference on the part of our authorities. He sent to Mexico a powerful army, which made an easy conquest of most of the fortified places, and established itself in the capital. The expedition cost him many valuable lives and a great amount of treasure. He set up such a government as he thought adapted to the work to be done. All the arts of negotiation were tried in attempts to conciliate or overawe the population. Some heads of faction were allured by bribes and some terrified by displays of power; but the people remained untouched. Their chronic turbulance has proved more than a match for French prowess and Austrian strategy. The Empire of MAXIMILIAN draws to a dreary close, and soon will be known no more.

Just at this point certain journals in the confidence of the Administration at Washington have commenced advocating the scheme of a Protectorate by the United States over Mexico. They discourse grandiloquently of humanitarian duties in general, and of the special claims which other States on this continent have upon this republic. Neither our sympathies nor ambitions are fired by these appeals. Enough of Mexican anarchy already inheres in the structure of our political society to give thoughtful men, anxious for the prosperity of free institutions, great disquietude. We have a sufficiency of Mexican politics in our Southern States already, without formally incorporating, or taking under guardianship, a vast additional territory, with a population still more mixed and dissimilar to our own, and perplexed with ineradicable alienations, which would increase beyond measure the prolific discontent which agitates this republic now, and baffles our best statesmanship.

If we had no divisions of our own to adjust this Mexican adventure would be fraught with serious perils, which common prudence would admonish our rulers and people to avoid. In the actual condition of our affairs its prosecution would be little short of national suicide.

What ulterior ends the conservatives have in view in urging this proposition at this particular conjuncture, it might be uncharitable to specify. If a renewal of the war for the independence of the Confederate States is really contemplated, as many reports seem to render probable, this Mexican project, fully embarked in, would enhance the chances of the rebellion. It may be that in the future dispensations of Providence this country has a mission towards Mexico; but there are manifold and transcendant indications that the first duty of American statesmen and patriots is to settle the affairs of this country on an enduring basis, coincident with justice and humanity, before seeking fresh engagements beyond our own boundaries, whose results must evidently entail uncommon risks and may involve incalculable calamities.

THE ELECTIONS.

17. Ephraim R. Eckley, re-elected, Rep.
18. Rufus P. Spaulding, re-elected, Rep.
19. James A. Garfield, re-elected, Rep.

If Mr. DELANO (13th) is defeated, as seems probable, it is a Republican loss of one in the Ohio delegation. But, as he is a very weak-kneed Republican, he is not much of a loss. It is a little remarkable that in Pennsylvania, on a much smaller aggregate majority, the Republicans gain two members of Congress, while those of Ohio, with an aggregate majority of over forty thousand, lose one. But here is another fact still more worthy of note. While the firm Radicals of that State have been returned with greatly increased majorities, the vascillating, timid DELANO is defeated. This establishes the fact that our people have standard bearers who march with unfaltering step a little in advance. This has been verified in our State as well as in Ohio, as is seen by the increased majorities of Messrs. WILLIAMS, STEVENS, and others, and in the election of Mr. COVODE, who displaces a Democrat of the most ultra type.

INDIANA.

MEMBERS OF CONGRESS ELECT.

District.
1. William E. Niblack, re-elected, Dem.
2. Michael C. Kerr, re-elected, Dem.
3. Morton C. Hunter succeeds Hill, Rep.
4. William S. Holman, Dem. succeeds Farquhar, Democratic gain.
5. George W. Julian, re-elected, Rep.
6. John Coburn succeeds Dumont, Rep.
7. Washburne, Rep. re-elected.
8. Godlove S. Orth, Rep. re-elected.
9. Schuyler Colfax, re-elected, Rep.
10. William Williams, succeeds Defrees, Rep.
11. John P. C. Shanks succeeds Stilwell, Rep.

The majority in the State is not yet ascertained; but the Legislature is decidedly Republican, which secures the return of HON. HENRY S. LANE, to the United States Senate.

IOWA.

MEMBERS OF CONGRESS ELECT.

Districts.
1. James F. Wilson, re-elected, Rep.
2. Henry Price, re-elected, Rep.
3. William P. Allison, re-elected, Rep.
4. W. Lughridge, succeeds Grinnell, Rep.
5. G. M. Dodge, succeeds Kasson, Rep.
6. Asahel W. Hubbard, re-elected, Rep.

The entire delegation is Republican, as in the present Congress, and the entire Republican State ticket is elected.

LETTER FROM HARRISBURG.

Correspondence of the Pittsburgh Gazette.

HARRISBURG, Oct. 11, 1866.

After the most desperate political struggle of late years, we have come out triumphant. No device was too low for our opponents; nothing too desperate for them in the attempt to carry the State against the Unionists. From what we hear, it is clear that in York and Luzerne counties the most unblushing and scandalous frauds were perpetrated. Fraudulent naturalization papers were made use of by thousands, and voters were made in York by hundreds and sent into this and adjoining counties. But notwithstanding all this we have gained Cake and Covode for Congress, and a United States Senator, who will represent the radical element of the State, and held our majority for Governor. While all would have rejoiced at a greater majority for Geary, none can find room for regret at the result.

Our local election was marked with great bitterness, and the Copperheads worked with hopeful earnestness, but to no purpose. The power of Bread and Butter is not so potent in this county as they supposed. Our majority falls off a little from that of 1865, but then we had a fight with the Copperheads and soreheads of the Republicans, and a bitter personal issue which could not be repeated this year.

The Soldiers' Monument Fair—of which I wrote you last time—has closed and was a perfect success. Eight thousand four hundred dollars were realized, and while the monument to our fallen heroes is thus secured, the ladies who conducted the affair have earned the plaudits of our entire community.

Mr. A. C. Mullin, chief clerk in the office of the Secretary of the Commonwealth, has been appointed the Collector of Internal Revenue in the Cambria District, located at Johnstown. It has provoked unpleasant criticism, that the Department of the executive government of Pennsylvania should be a nursery for Federal appointees at this time.

HAWKEYE.

GEORGE MUIR, of Armstrong's Coal Works, Penn township, Allegheny county, speaks as follows of the

REV. E. A. WILSON'S

Great Remedy for Consumption:

"I was reduced so low with consumption that I was unable to leave my bed, and my physicians informed me that they could do nothing more for me, case being utterly hopeless, that I had not certainly over a month to live. At this stage I was induced to try REV. E. A. WILSON'S REMEDY, and to-day I am as well as any man in the world. If there are any who doubt this statement, they can call and see me, (as per above address) and I will give them all the particulars of my extraordinary recovery."

The sole agency for the sale of WILSON'S CONSUMPTIVE REMEDY in Pittsburgh is

MALARIA EVERYWHERE.—Rarely has there been a season as fruitful as this of malarious diseases. Not only on the prairies and in the valleys of the West; not merely in all the old haunts of Fever and Ague and Bilious Remittent Fever have these prostrating diseases been unusually virulent; but they have extended to towns and cities never before infested with them, and have even ascended the mountains and attacked thousands of people supposed to have been placed by the laws of nature above their reach. Hence we are compelled to admit that a fatal element pervades the universal air this season, and should at once resort to the only approved preventive of its consequences, HOSTETTER'S STOMACH BITTERS, a tonic so potent, an anti-septic so perfect, an alterative so irresistible, and a stimulant so pure, that it enables the human system to resist and baffle all the predisposing causes of disease. With the confidence that one clothed in incombustible garments might move among blazing buildings, the man who arms himself against malaria with this powerful DEFENSIVE MEDICINE may walk a fever scourged district [illegible] of its insalubrious atmosphere. The intermittents and remittents at present so general in all parts of the country may be but the forerunners of a deadlier scourge now on its way westward from the far east. Prepare the system with HOSTETTER'S BITTERS for a successful battle with the mephitic causes of ALL EPIDEMICS. Be wise in time. Sold everywhere.—*New York World, Nov. 8, 1865.*

J. B. CAPEWELL, WIND-GUARD AND AIR-HEATER FOR COAL OIL LAMPS. PATENTED OCTOBER 25TH, 1865.

The merits of this invention consist in its protection to lamp chimneys, which are continually breaking while being used with the ordinary lamps. No sudden transition from heat to cold can crack or break these chimneys; the lamps can be carried with safety and without apprehension, in the most violent wind,—reflecting a steady light under all circumstances, and the fact that one-third less of oil is consumed, renders this a most valuable acquisition to house-keepers. Samples sent to any part of the U. S. on receipt of 25 cents, post paid.

MRS. M. C. BROWN'S METAPHYSICAL DISCOVERY, Price, $4,00. Offices—410 Arch St., Philadelphia, 51 Bond Street, New York.

No boring with instruments.
No blowing in the ears.
No snuffing up the nostrils or introducing wires.
No pouring medicines down the throat.

The METAPHYSICAL DISCOVERY will reach every spot that drugs and instruments will reach, and thousands of places besides.

Truth is mighty and must prevail; error is pregnated with death—consequently must sooner or later sink into oblivion.

ARE YOU PREJUDICED!

In consequence of the prejudice existing against patent medicines, it is my earnest desire that my Metaphysical Discovery should not be received or classed with patent medicines of the age. You ask me why? I answer, because it is a *scientific specialty,* differing in application, tendencies and results, from all other remedies and preparations which have ever gone before it. And further, because the Metaphysical Discovery is the result of inherited power to trace effects to thier first cause; therefore let it be understood that the Metaphysical Discovery is not only the result of inherited power, but also the result of a life of rare philosophical research, and that too, in an unbeaten track.

Eyes, and They See Not.

Awake, ye slumbering world, and behold yourselves and your children in the prison house of disease, from the cradle to the grave, betake yourselves to thought—think and live. The world writhes in pain and passes into untimely graves. Mark, learn, that your friends die through experimenting on. Every effect driven is a death blow to the physical system. I have never met an individual who was treated for anything but effect. There are many agonizing hearts, sorrowful homes and grassy graves through the use of instruments which torture, and medicines which destroy the system.

The Discovery consists of three distinct preparations, which pass into the system by absorption through the Eyes, Ears and Scalp.

It is packed in a neat wooden case, and will be sent to any address in the world, on receipt of the above price.

CERTIFICATES OF CURES.

I, S. C. Chase, of Cambridgeport, Mass., do certify that I have been troubled with a bad catarrh for upwards of thirty years. I obtained Mrs. M. G. Brown's Metaphysical Discovery, and in ten minutes after using it found relief. I have used the medicine faithfully, and believe it went to the root of my disease. I feel as if catarrh was eradicated from my system, the foul effects of the sad disease having ceased. My wife also has been suffering from a complication of diseases. On using the Discovery, clotted blood and matter rushed from her head, and she found immediate relief, and has been gaining health ever since. We heartily recommend the Metaphysical Discovery to all who suffer.

CURE OF CATARRH, ASTHMA, &c.

Mrs. Cheever, residing at No. 6 Allen street, Boston, Mass., says: "I have been troubled for years with asthma, catarrh, and sore throat. I suffered from continual pain and dizziness in my head, cold feet, &c.; for eight years could not attend to my household duties, and had despaired of ever being cured. Providentially learning of Mrs. M. G. Brown's Metaphysical Discovery, I obtained it. The result is, I am entirely cured, and determined to keep a box of it always in my house."

MRS. GEORGE VAUGHN'S CERTIFICATE, OF MALDEN MASS.

This is to certify that I have suffered for ten years from dyspepsia, catarrh, and a complication of diseases. For the past year I have been restless, and could not sleep at night. So exhausted had I become, that I was unable to do my household duties. I became so cold that it seemed impossible to keep warm. For sometime my eyes were very much diseased, and my hearing dull. Myself and friends considered me in Consumption. In this state I went to Mrs. M. G. Brown and obtained the Metaphysical Discovery. I have used one box faithfully, and no language can tell the benefit received from it. My eyes have become clear and strong. My dyspepsia is entirely gone. I can now do my own work, and feel altogether a new being. My friends say I am gaining flesh. I know as I was I could not have lived. I feel grateful to God for the benefit I have received. I recommend Mrs. M. G. Brown and her mode of treatment to all who suffer as I have done.

CATARRH CURED.—MR. JEROME A. O'CONNOR, OF OLD CAMBRIDGE, MASS.

This is to certify that I have been troubled with a bad catarrh for the last five years. This winter it became unusually troublesome. I was obliged to rise at night, owing to the mucus, which would have suffocated me. I obtained Mrs. M. G. Brown's Metaphysical Discovery some weeks back, used it faithfully, and my catarrh began to give way at once. I now consider myself a cured young man, being entirely delivered from the terrible disease of catarrh. My sister has also been diseased in her head and eyes from childhood, so much so that the family thought she could not live. In the use of the Discovery she has received equal benefit with myself. We cordially recommend the Metaphysical Discovery.

MISS E. LOGAN'S CERTIFICATE.

I, Emma Logan, do hereby testify that I have had a severe cough for six years; would cough and raise for three hours at a time; often I could not lie down at night; going up stairs, any work would exhaust me. I have been using medicine and doctoring all the time, but was still getting worse. Providentially a friend procured Mrs. M. G. Brown's Metaphysical Discovery. I have used it one week, and my cough is nearly gone. I have got rid of the tightness in my throat. I can now take a long breath, which I could not do before. I can go up and down stairs without feeling any fatigue. I feel disease is fast leaving my system. No. 374 Hanover street, Boston, Mass.

A REMARKABLE CURE.

A case of the worst type of Chronic Sore Eyes of Twenty-five years standing cured by my Metaphysical Discovery.

I, Eliza B. Jeffries, do certify that I have been suffering for twenty-five years with diseased eyes, taken from measles when a child. I cannot describe the nature of all my sufferings, but will state that my eyes ran corruption and water all the time. My cheeks also broke out down to my chin, and the matter from both eyes and face kept constantly dropping on my dress. All the doctors I applied to failed to render me relief, and I despaired of finding it until learning of the wonderful cures made by Mrs. M. G. Brown, when hope entered my breast. I went to see her, and brought home with me the Metaphysical Discovery. I used it according to directions, and now most solemnly and thankfully declare, that through the blessing of God and the use of Mrs. M. G. Brown's medicines I am a cured woman.

FIVE NEW CASES OF DEAFNESS IN AND AROUND PHILADELPHIA.

Noises in the Head, Running of the Ears, Stiff Neck and Sore Throat cured by Mrs. M. G. Brown, 410 Arch street, Metaphysical Physician, Professor on the Eye, Ear, Throat and Scalp.

The following persons have been cured of the above diseases, through the use of my Metaphysical Discovery:

Miss Rebecca Watson, St. Paul street, Frankford, cured of deafness and noises in the head, can now hear the children called by their names in the next house.

William Einwechler, 1349 North Front street, a lad of about 15 years, was very deaf; can now hear the notes distinctly on the piano. Could not hear a sound before. His whole system is benefitted, as he was an invalid.

Peter Kelly, 1627 South Second street, was quite deaf in one ear, and partially so in the other, has regained the hearing of both well.

Daniel Humphreys, of Darby township, had a swelled and stiff neck for eight years; could not turn his head without turning round his whole body; had also a large lump, size of a ball, and hard, under his chin, for one year. Both have disappeared through the use of my Metaphysical Discovery.

A son of Captain David Ware, in Wilmington, Delaware, has been cured of deafness and running of the ears, of 15 years standing. Spent large sums of money on different remedies; could find no benefit; procured my Metaphysical Discovery, which immediately cured him.

CERTIFICATE FROM THE REV. P. S. HENSON, PASTOR OF THE BROAD STREET BAPTIST CHURCH, PHILADELPHIA.

From injuries received in my right eye when a boy, a chronic inflammation has been produced, in consequence of which I suffered martyrdom. Every moment of my waking life was embittered, and I was frequently unable to sleep at night. A variety of remedies has been resorted to without success, and I entertained the purpose, as a last resort, of having the ball taken out of the socket, in the hope of thus finding relief. In the meantime, most providentially, I noticed one day in a shop window a bottle of POOR RICHARD'S EYE WATER. I had never heard of it before, and I determined to try it, and did, with the most delightful results. In a few days the painful irritation was removed. I could bear the strongest light, and went forth as it were to the enjoyment of a new life. I now keep a bottle of it always in the house, and if my eye seems at all disposed to annoy me, I give it a dose, and there is an end to it. I would not be without it for any amount of money. I have occasion to say further, that my wife used to suffer severely at times from protracted pain in and over her eyes, and she has found Poor Richard's Eye Water a sovereign specific in her case, giving her almost instant relief. Grateful to God for the benefit I have personally received, I cannot but commend the preparation most cordially to those who have suffered like myself.

(ADDITIONAL LOCAL NEWS ON FIRST PAGE.)

Stagnant Ponds in Allegheny.

MESSRS. EDITORS:—Through the medium of your paper, I wish to call the attention of the citizens of Allegheny, to the fact that the lower portion of that city lying along the line of Rebecca street is, to a considerable extent, covered by ponds of stagnant water. Near the Gas Works there is one large pond, the surface of which is completely covered with a green scum; the miasma arising therefrom must be exceedingly hurtful to the health of the people in that vicinity. Cases of fever and ague have occurred lately, and I am informed that an eminent physician of Pittsburgh refused some time since to attend a family living near these ponds, who had typhoid fever, assigning as a reason that no medicine which he might give could counteract the effect of the poison daily taken into the system from this source.

The citizens who live near these ponds, are, many of them, persons of means and influence, yet they seem completely indifferent to the fact that the atmosphere which they and their families breathe, is tainted to a most alarming degree. So far as I can ascertain not one of them has ever entered a complaint to the proper authorities, with regard to these ponds, or taken any steps towards their removal. Just now, people are alarmed at the threatened attack of cholera, but in my opinion a visitation of that scourge which would carry off a few of our wealthy but ignorant citizens, would prove a public blessing, by rousing the remainder to get rid of what is a constant source of disease.

Intelligent physicians are very well aware that the ravages made by cholera at any one time, are inferior to the aggregate number of deaths which from year to year occur from a constantly poisoned atmosphere. Providence mercifully sends the cholera at intervals, which by carrying off a number of persons at once, impresses us with the necessity of having better sanitary arrangements, though the necessity really exists all the time, and if we were not criminally ignorant and careless, we should be alive to the fact that most diseases which afflict us, are either caused or aggravated by want of attention to these matters in our homes and surroundings.

I do hope, Messrs. Editors, that whether the cholera visits us or not, that the intelligent and humane portion of the citizens of Allegheny will take this matter in hand, and allow no man to keep—as a citizen of the First ward is doing—a pond of stagnant water on his property, endangering the health of the whole surrounding community. Let the matter be attended to without delay.

HUMANITY.

Consumption.

There is no disease known to man that claims every year more victims than the one named above, and there is likewise no disease the treatment for which has undergone so many changes. The abandonment of old theories and treatment, almost necessarily leads one to the belief that there is no cure, for it and when we speak of consumption as already existing, in a full developed state, with the lungs partly or wholly destroyed, that truth is obvious in almost any one having any knowledge of their structure and use. But when the disease is in its incipiency, before the lesion of structure has taken place, then it is a disease as curable as any other in the catalogue of human ills. When it is remembered that consumption is a disease that consumes the lungs, or whatever organ may be affected, we do not wonder that a consumed lung cannot be reproduced any more than can a leg or an arm that has been shot off by a cannon ball, or cut off by a knife. The ravages of the disease may be stayed; has been stayed often, with one lung destroyed, but the destroyed part has never yet been known to be reproduced. There is no medical compound in nature's most hidden resources that is able to restore a lost limb or a lung half eaten away. The treatment should be, to save what is left. Stop the disease in its incipiency. If that is neglected, stop it half way in its ravages. No Bourbon whisky nor bitters is able to do this; it must be palliative, healing nutritient and tonic in its properties. The first approach of a cough must be attended to; that once checked, the disease goes no farther—damp feet, unnutritious diet, sparse clothing, all contribute to bring on the disease and hasten its progress—these must be avoided, and consumption will rarely take hold of the system. The best remedy yet discovered for the cure of the incipiency of the disease is Dr. KEYSER'S PECTORAL SYRUP. It has annually cured thousands of coughs and colds; one or two doses of it have been known to cure the most violent symptoms, which, if neglected, would have led to consumption and an untimely grave. The certificates to its efficacy are numerous, and of such a character as to establish its merits beyond all controversy. This medicine has now been compounded for over twenty years, and has gradually gained in public confidence until its usefulness is no longer a matter of dispute. Hundreds of persons who have slight, and what they deem trifling coughs, could be cured with a few doses of this medicine, which, if neglected, would probably lead to some incurable disease of the lungs.

Ask for Dr. Keyser's PECTORAL SYRUP, at 140 Wood street. Consulting office, 120 Penn street.

Watch Presentation.

Thos. J. May, Esq., having, on account of ill health, resigned his position as Freight Agent of the Cleveland and Pittsburgh Railroad Company, was, on Thursday evening last made the recipient of a splendid gold watch and chain, presented to him by the employees of the company, as a testimonial of the high and well merited esteem they hold for him as a gentleman and as a valuable and respected officer of the corporation. The meeting, which was held at the office of the Company, on Penn street, was called to order by Mr. Henry Wickham, after which Wm. Stewart, Esq., General Freight Agent, proceeded with the presentation speech, which was very appropriate, expressing the deepest sympathies and regrets of his many friends that the afflicting hand of Providence had necessitated his resignation, and extending the best wishes of all for his future health and prosperity. Mr. May responded in a few becoming remarks offering to the donors his thanks, and expressing his grateful feelings. The watch, which bears the doners inscription neatly engraved, is one of the Beasley manufacture, perfect in every respect. After the presentation ceremonies had ended, the occasion was enlivened by an oyster supper, after which the company dispersed.

A Woman Terribly Burned by the Explosion of a Lamp.

A distressing accident occurred in the village of East Liberty, Collins township, yesterday which will probably result in the death of an old lady, a Mrs. Kelly. She had been sewing by the light of a kerosene oil lamp, which, after a time, began to flicker and threatened to extinguish itself. Mrs. Kelly took the lamp to the stove to ascertain what was the matter when it exploded, the contents pouring over her clothing and instantly igniting them. Her screams for aid attracted the attention of the neighbors who came to her assistance and after some difficulty the flames, which at one time almost enveloped her person, were extinguished. On removing the remnants of her clothing it was discovered that her right side and arm was one great charred mass. She was taken to the Mercy Hospital, during the day, where Dr. E. Donelly dressed her injuries. Her recovery is considered almost hopeless. This is doubtless another victim added to the long category of those who have sacrificed their lives through their own carelessness in handling kerosene lamps without due caution.

A War of the Sexes.

Lizzie Richards and Noah Smith belong to that peculiar race whose great progenitor is said to have been the patriarchal Ham. Yesterday the good feeling which had existed between them for years was ruptured by something Noah said about the fair Lizzie, relative to her character for peace and good behavior, and she accordingly perpetrated on the manly form of her traducer an aggravated assault and battery, for doing which she was arraigned before Alderman Butler, and, after a hearing, committed to the seclusion of the county jail to await trial. She subsequently appeared before Alderman Lynch and instituted legal proceedings against Noah for surety of the peace. The accused declared he had never said "aught to mar the peace" of Lizzie, and begged piteously to be discharged. The female argued the law points of her own case with a vim that bore with it a conviction that was irresistible, and Noah was therefore forced to furnish bail in the sum of $500 to answer the charge at court.

Death of M. I. Stewart, Esq.—We regret to announce this morning the death of Matthew I. Stewart, Esq., which occurred in Philadelphia on Wednesday evening. Mr. Stewart was a resident of Allegheny City, and has been a member of the bar of this city for many years past. He was well known in this community, and highly esteemed by all with whom he was acquainted, for his uniform affability and kindness of heart. His numerous friends will hear of his demise with sincere sorrow.

For Europe.—Our highly esteemed and philanthropic fellow citizen, Maj. Wm. Frew, and family, together with a couple of Pittsburgh ladies, left on Wednesday for an extended tour of pleasure throughout Europe. The excursionists will be absent about one year, and through the *Gazette* our readers will be furnished with their notes by the wayside. We wish them, one and all, a safe and pleasant journey through foreign lands.

In Switzerland.—Our esteemed friends Robert Arthurs, Esq., lady and children, are now rusticating at Vesay, in Switzerland. They will remain there for several months, and then start upon an extended tour through the more important countries of Europe. They are all much delighted with Switzerland and its beautiful sceneries.

Ho! for Paris.—A number of gentlemen of this city are forming an excursion party to visit Paris in April next, in order to be in attendance at the French Universal Exposition.

Attention is called to the change of time of the Allegheny Valley Railroad in to-days paper.

Special Caution.—Mrs. Winslow's Soothing Syrup has become so popular that various parties have put out articles calling them Mrs. Winslow's. Please take notice that the Mrs. Winslow of the Soothing Syrup is not connected with any other article.

EARLY TELEGRAMS.

From Mexico—Maximilian's New Ministry.

NEW YORK, October 12.—The *Herald's* City of Mexico correspondence, dated September 28th, says: Maximilian's new ministry was very active and industrious, but had done nothing to restore public confidence.

The compact between the Emperor and the Church party is virtually to turn over the power into their hands, on the receipt of twenty-five million dollars, Maximilian to be merely an Executive.

An order was issued on the 29th inst. to send 2,000 troops to move towards Durango and San Luis Potosi, in order to repossess the northern departments.

The Church party have commenced operations by declaring that the abuses of the press should be suppressed.

Maximilian remarked in conversation that the hisses received by President Johnson on his tour might be considered as good news for his Empire.

Mr. Otterburg, the United States Consul, had left for New York on a leave of absence. A banquet was given him by the Americans in the city, at which the Confederate exiles made speeches expressing their strong love for the Union.

Marshal Bazaine had issued orders deferring the departure of the French troops for the present, and Maximilian was impressed with the idea that another revolution was imminent in the United States, which would secure him upon his throne.

The dates from Peru are to September 22d. By a recent law, foreigners in Peru are required to pay sixteen dollars poll tax.

Unitarian Convention.

NEW YORK, October 12.—The *Tribune's* Syracuse special of last evening says: The Unitarians to-day considered and adopted propositions for a more perfect organization of their society. In the afternoon the question of how to procure a great supply of ministers was taken up and discussed, and during the proceedings the sum of thirty thousand dollars was pledged for the use of the Meadville Theological school. There were votes of respect for the Cambridge Theological school and its professors, recommending to the churches to raise for denominational purposes, annually, the sum of one hundred thousand dollars; approving and promising co-operation in the temperance movement, and extending fraternity to the Universalists. The meeting to-day was very large and enthusiastic. The Conference adjourned till 1868.

Cholera Report—Order Countermanded

NEW YORK, Oct. 12.—Two cases of cholera were reported yesterday in the city. Two new cases were admitted to the hospital ship Falcon from the steamship Helvetia, and six deaths occurred.

The Board of Health was in session yesterday, and decided that as the cholera had disappeared no more daily bulletins will be issued.

There is no cholera on Governor's Island nor on Bedloe's Island.

The officers of the army who were to start for the Pacific coast and the frontier yesterday, had their order countermanded, and it is not known now when they will start.

Gonzales and Pelliter Hung—Full Confession.

NEW YORK, October 12.—Gonzales and Pelliter were executed shortly after ten o'clock today in Raymond street jail, Brooklyn, within a few blocks of the scene of the murder of Senor Otero. They made a full confession of their participation in the deed, and charged Viele with being the planner and chief assassin. Neither of them manifested any particular emotion on the gallows. Gonzales seemed a little frightened, but Pelliter was calm and composed. Their necks were not broken by the fall, but death was very quick. There was no struggle on Gonzale's part, but Pelliter's contortions were terrible for some minutes.

From Canada—Apprehensions of a Raid Dispelled.

NEW YORK, October 12.—A *Herald* Toronto dispatch says: All apprehensions of Fenian raids has been dispelled in the minds of the Canadians, and the Home Government has been notified that no more troops are needed.

The Toronto city authorities state that the English Government intends demanding a suppression of the Fenian organization by the Administration, or they threaten to aid the Copperheads in dividing the Union with a few Armstrong guns.

The Flood not yet Subsided—$500,000 Worth of Property Destroyed.

WASHINGTON, October 12.—Neither the flood nor the rain have yet subsided in these parts. At this writing at least half a million of dollars worth of property has been swept away by the overflow of the Canal and river at Georgetown, D. C. In this city nearly all the cellars are flooded, and two new sewers, costing an aggregate of fifty thousand dollars, have broken away, rendering whole blocks of the streets they traverse impassable.

Revolts Among Chinese Coolies.

NEW YORK, October 17.—The *Herald's* Havana correspondent says there were a few cases of yellow fever in the city, but that the smallpox had re-appeared.

Revolts among the Chinese Coolies were very frequent, and on the 29th ult., a foreman of a factory was killed by the workmen.

Quarantine regulations remain unchanged.

Removal of Arms.

NEW YORK, October 12.—The *Tribune's* special says by request of the County Court of Colloway county, the State government of Missouri has removed a large amount of arms from Fulton to Jefferson city, for safe keeping. It is reported that an armed organization is forming to retake them into Colloway.

Richest Gold Mine in the World.

NEW YORK, October 12.—The *Herald's* correspondent in Franklin county, North Carolina, says the gold mine at Porti is the richest surface mine in the world. A wealthy company is investing $500,000 in the enterprise of working it.

Body of a Murdered Man Found.

NEW YORK, Oct. 12.—The body of a murdered man was found in the woods near Newton, L. I., yesterday, his head having been crushed in. Articles on his person were marked "James Maher."

DISSOLUTION OF PARTNERSHIP.

THE FIRM OF JOSHUA RHODES & CO. is this day dissolved by mutual consent. Either of the partners will sign the name of the firm in settling up the old business at the office of the Pittsburgh Brewery.

JOSHUA RHODES,
P. & H. LATSHAW,
JACOB ANDERSON.

Having disposed of our entire Brewing, Malting and Hop Business to Messrs. CARSON, DARLINGTON & CO., we would ask from our friends a continuance of the patronage so liberally bestowed upon us, as from their long experience in the business, we feel satisfied that they will maintain the excellence of our Ale.

JOSHUA RHODES & CO.

Referring to the above, we would inform the public that we will leave nothing undone to merit a continuance of the liberal patronage enjoyed by the late firm of JOSHUA RHODES & CO., and from our experience in the business, feel satisfied that we will be enabled to give entire satisfaction to those who may favor us with their orders.

GLAD NEWS FOR THE UNFORTUNATE.

BELL'S SPECIFIC REMEDIES

Are warranted in all cases, for the speedy and permanent cure of all diseases arising from sexual excesses or YOUTHFUL INDISCRETION, Seminal Loss, Night Emissions and Sensual Dreams, Genital, Physical and Nervous Debility, impotence, Gleet, Sexual Diseases, &c., &c. NO CHANGE OF DIET IS NECESSARY. They can be used without detection, and never fail to effect a cure, if used according to instructions.

BELL'S SPECIFIC PILLS,

Price one dollar per box, or six boxes for five dollars; also, large boxes, containing four small. Price three dollars.

From four to six boxes are generally required to cure ordinary cases of Seminal Weakness and Emissions, though benefit is derived from using a single box.

In Chronic Cases, and particularly when Impotence or Genital Debility with Nervous Prostration has affected the system,

BELL'S TONIC PILLS

Are recommended as the most efficacious rejuvinating and invigorating remedy in the world.

A package, price five dollars, will last a month, and is generally sufficient.

In extreme cases of Debility and Impotence,

Bell's External Remedy,

Price two dollars, sufficient for a month, can be used to good advantage.

It gives strength to the organ, and with the Pills will restore them to their normal condition.

CAUTION.—The above Remedies have now been before the public many years, and their great success in the alleviation of human misery, has excited the cupidity of several parties, who use the name "Specific Pills," copy my labels, circulars and advertisements, sometimes word for word, and put up worthless compounds that disappoint the just expectations of the purchaser.

If you cannot purchase Bell's Specific Remedies of your Druggist, take no other, but send the money direct to

DR. JAMES BRYAN,
Consulting Physician,
No. 819 Broadway, New York,

And you will receive them, by return of mail, post paid, and free from observation.

JOSEPH FLEMING, Druggist,
Corner Market and Diamond, Agent,

TO LADIES.—*If you require* a reliable remedy to restore you and remove irregularities or obstructions, WHY NOT USE THE BEST. Every lady knows the slightest irregularity of nature is likely to bring on Headache, Giddiness, Low Spirits, Fainting, Hysterics, &c., then the bloom of health fades, the appetite fails, and other symptoms more distressing commence, as Weakness, Spinal Complaint, the Whites, Prolapsus, &c. A NEVER FAILING REMEDY will be found in DR. HARVEY'S FEMALE PILLS. The experience of 30 years has proved they have no equal for removing obstructions and irregularities, no matter from what cause they arise. They are safe and sure in every case. Upwards of 50,000 boxes are sold annually, and no complaint of their efficacy is ever heard, for they accomplish what they are represented to do. Sold in boxes containing sixty pills. Price one dollar.

DR. HARVEY'S GOLDEN PILLS is a remedy four degrees stronger than the above, and intended for special cases of long standing. Price five dollars per box.

If you cannot purchase the Pills at your druggist, they will be sent by mail, post paid, secure from observation, on receipt of the money, by Dr. JAMES BRYAN, Consulting Physician, No. 819 Broadway, New York.

FOR SALE.

FOR SALE.—No. 1. Farm of 400 acres Fairfield township, Westmoreland county, Pa., about 7 miles south of the Pa. Railroad, at Bolivar Station, and 66 miles from the city. The improvements are First, a two-story stone dwelling with seven rooms; stone spring house, carriage house, corn crib and a good barn 48 by 76 feet; a large stable and granary, and the best of water at the door. Second, a large frame dwelling with 7 rooms and a kitchen, a large stone spring house, bake oven, corn crib, wagon shed, a large hewed log barn. Third, a frame tenement house, with a good stable. Fourth, a two-story hewed log house and barn. The fencing is generally good, large meadows, of the best timothy and clover; an abundance of limestone and coal upon the farm; a young and old apple orchard at each dwelling; 300 acres cleared, the residue in good timber, such as white, red, black and rock oak, sugar, beech, poplar and locust. The soil is good producing the very best crop of all kinds of grain; would make a No. 1 stock farm, and will be sold low. Possession on the first day of October, 1866.

No. 2. Farm of 53 acres, situated in Chartiers township, Allegheny county, Pa., about 3½ miles from the city, near the line of the Steubenville R. R., and within one-half mile of a station; 30 acres of the best of creek bottom land, and in a high state of cultivation; 24 acres of wood land and pasture. The fencing is generally good. The soil is No. 1, and well adapted for gardening. The attention of those wishing to embark in the business will call at once and secure a good bargain, as this is a rare chance.

No. 3. Farm of 43 acres, situate in Elizabeth township, Allegheny county, Pa., on the Monongahela river, about one mile from the Borough of Elizabeth. The soil is of the best quality. The improvements are a farm house with six rooms, a good barn and other out buildings; fencing good; about 50 acres of coal. Churches, schools and mills very convenient. Possession immediately.

No. 4. Also, the best Farm in Elizabeth township, containing about 90 acres, lying on the Monongahela river immediately below Lock No. 3, on which is erected a large two-story brick dwelling, one log and one frame bank barn, corn crib, wagon shed, brick spring house, granary, work shop, &c.; about 30 acres of the above is first quality river bottom; the balance being limestone land, and underlaid with coal, and about 20 acres of limestone. There are two orchards of apple trees, in good bearing condition; peach, pear, plum trees and grape vines, &c. The land is well adapted for gardening purposes, being a short distance from the thriving borough of Elizabeth, creating a market at home for all the products. The property will be sold cheap and on reasonable terms.

No. 7. A Farm of 96 acres, situated in Elizabeth township, Allegheny county, Pa., about one mile from Lock No. 3, on Monongahela river. Improvements are one frame house with five rooms, barn, spring house and other outbuildings. The land is of the best quality. The above will be sold at very low figures.

Persons wanting any of the above Real Estate will please call on G. H. TOWER,
se1:19 Real Estate Agent, 164 Fourth street.

FINANCE AND TRADE.

FRIDAY, October 12, 1866.

The New York stock quotations to-day, were as follows: Gold, 151¾; 1881 bonds, 112¾, Five Twenties, old, 113¼; do, new, 110⅛; Ten-Forties, 99⅝; 7-30s, 106½; 7-30s, 2d issue, 106. Michigan Southern Railroad, 90¼; Cleveland & Pittsburgh Railroad, 91⅜; Pittsburgh, Fort Wayne & Chicago Railway, 109⅝; Erie, 84¼; Western Union Telegraph Company, 54¾; Chicago & North Western Railroad, 47⅜; do preferred, 75½; Chicago & Rock Island, 108¾.

—It is generally believed that the Secretary of the Treasury has no intention of selling any portion of his coin reserve, although he is still urged to do so by the "bear" speculators. The disbursements on account of the November coupons, aggregating more than twenty-three millions, will amply replenish the floating supply, and prevent inconvenience to buyers for the payment of customs duties.

—The legal-tender notes in circulation on the 1st inst. was $554,677,432, exclusive of $27,029,273 of fractional currency, and $293,682,903 of national bank notes, against $659,160,569 of legal-tenders on the 1st of June, 1865, and $137,771,705 of national bank notes. By this it will be seen that while there is a decrease of $104,483,127 in the amount of legal-tender notes there has been an increase of $155,260,198 in the value of national bank notes, and thus an actual addition has been made to the circulation of the country of more than fifty millions. Seven millions more of national bank notes remain to be issued, and we are consequently nearing the highest point of our currency inflation, and it will be strange if, under its influence, speculation should not run wilder than it did in the spring of 1864.

—There is much said (says the Philadelphia *Ledger*) as regards a specie resumption, and many ways are suggested for reaching that generally desired end. One suggests as a step in that direction the making of legal-tender notes interest bearing at the rate of 3@4 per cent per annum. Should such conversion to any considerable extent lead to the hoarding of these notes, it would tend to diminish the volume of the circulation, and thus appreciate its value; but as they would be drawn out again the moment the stringency was felt, it would probably make but little difference. No one need worry about a plan for a speedy return to specie payments while the very large amount of temporary debt remains unfunded; and the newspaper appeals to Secretary McCulloch to hurry up his policy for improving the currency are either made in ignorance of the whole subject or for buncumb, to effect the popular mind in view of some impending election. The first thing in order is to settle the maturing debt. When this is done the steps towards specie payment will be plain that they will require no guide-posts. Any talk of resuming such payment with nearly a thousand millions maturing debt still unfunded is either nonsense or worse. Just now the Treasury Department is doing as well as can be expected with the debt and the national resources, and we have no doubt, when the present policy shall so reduce the debt as to make a resumption of specie payments practical, a way of effecting it will present itself. But for the present, while it is well enough to hold that sound and desirable policy steadily in view as a thing not to be forgotten, schemes for jumping at the conclusion at once are worse than idle.

—Secretary McCulloch in his management of the public debt seems to be aiming to consolidate it into a single security, bearing a uniform rate of interest. When this is done, and the entire obligations made payable, interest and principal, in gold, probably a lower rate of interest than that now paid will be considered fair by the holders of bonds. Here, in this country, we bought these securities with paper. In Europe they were purchased with gold, at a depreciation, and these facts should be considered in the final consolidation. In the meantime, so long as we can go on as we are now, reducing the principal at the rate of twenty-four millions a month, and doing it with paper, we can afford to bide our time.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, October 12, 1866.

The produce markets are beginning to show signs of a little more life and activity, though there is still an abundance of room for improvement. The receipts of some commodities scarcely keep pace with the demand, while with some other articles the market is completely glutted. So far as prices are concerned, however, there are no changes worthy of special notice.

GRAIN—Wheat is firm but unchanged. No. 1 Spring is quoted at $2,60 to 2,65; sale of 1 car choice Amber at $2,95, and 1 car White at $3,05. Oats firm; sale of 650 bush, on wharf, at 50; also, sales from store at 53@55. Corn is scarce and firm at 95 to $1. Sale of 1 car old crop Spring Barley, to arrive, at $1,15. Rye is quoted firm at $1,10.

FLOUR—Is firm, with a continued fair local demand, and prices are well sustained. We continue to quote in a regular way from store at $11,75 to $12,50 for Spring, and $12,75 to $13,50 for Winter Wheat brands. Sale of 100 barrels "Desplanes" at $12, and 50 bbls "Clark & Alden" at $11,75. New Rye Flour is quoted at $7,25 to $7,50, and old do at $6,50 to $6,75.

PROVISIONS—Bacon is reported dull and unchanged—17 to 17½ for Shoulders; 18½ to 19 for Ribbed Sides; and 25 for Sugar Cured Hams. Lard is dull but unchanged; quoted at 19½ to 20. Mess Pork is quoted at $31—stock light and demand limited.

MILL FEED—Sale of 1 car choice White Middlings at $2. Shorts selling in a regular way at $1 to $1,10; and Seconds at $1,55 to $1,60. But little inquiry for Bran.

SALT—Is firm with a demand fully up to the supply, and we can report regular sales at $2,80, on track, and $2,90 to $3 from store.

APPLES—The supply continues somewhat in excess of the demand, and the market is dull but unchanged; we quote at $2 to $3 per barrel.

SEEDS—There is a regular demand for Flaxseed at $3, and but little offering. No movement in Clover or Timothy seeds.

BUTTER—Is in good supply and dull but unchanged; we quote at 32 to 33 for prime, and 35 for choice Roll.

EGGS—Scarce and in demand, and fresh packed sell readily at 29 to 30.

SWEET POTATOES—Quoted at $4,75@5.

LEAD—Firm at 11¾ to 12.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, October 12, 1866.

CRUDE—There is no improvement to note in the demand for Crude, and while the market continues dull and depressed with a drooping tendency, as yet, prices have undergone no change. We continue to quote at 14, bbls returned, and 19, bbls included, with sales of 120, 103 and 313 bbls, on the spot, all at 14, and 500 bbls for November delivery, at same price. There is apparently no demand whatever for shipment, at least none of our shippers appear to have any orders, while, as we have stated repeatedly, refiners appear to be pretty well stocked, and do not care to buy at present quotations. The eastern markets are reported dull and nominal.

REFINED—The decline in gold, from 153 yesterday to 149 to-day, has weakened the market for bonded oil still more, if such a thing were possible, and while there is nothing doing in the way of sales, prices are nominally unchanged, though the tendency seems to be downward. There is some little inquiry both for present and future delivery, but our refiners, as a general thing, appear determined not to contract at present quotations. We quote, in the absence of sales, at 35 to 35½, on cars here, and 41½ to 42 delivered in Philadelphia. Free oil is selling in a small way at 55@56, for standard brands.

ARRIVALS—A telegram from Oil City this forenoon reports the Allegheny stationary, with twenty-two inches in the channel at that point. The following arrivals of oil were reported to-day:

Fisher & Bro	1797	Baxter & Ellison	74
Levi Wade	230	W. P. Logan	58
Jas. Wilkins	420	Brewer & Burke	250

PITTSBURGH IRON MARKET.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, Oct. 12, 1866.

The transactions in metal were somewhat restricted this week, but this was owing to the scarcity of the commodity, and not to any falling off in the demand. On the contrary, the demand, if anything, is more active, and considerably in excess of the supply, and especially is this the case in regard to desirable brands of iron, and the market, consequently, is firm, with an upward tendency. Manufactured iron, also, is firmer, and it is probable that there will be an advance in bar iron before many days elapse. There is no falling off in the demand for nails and prices are well sustained. The following is a partial report of the operations in metal during the week:

Albany Cattle Market.

ALBANY, October 12.—At the opening of the cattle market holders asked last week's prices, but found it impossible to effect sales. To-day, however, they submitted to a decline of ⅛@¼c per pound on the best, and ¼@½c on medium and lower grades, and at these concessions sales were made of three or four thousand head. The top price for best extra Kentucky was 9¾c per pound, and prices ranged down from this to 4½c for scalawags. The receipts were 5,000 head, of which nearly 3,000 head will go to New York. Sheep are in light request at 5½@6½c. Receipts, 5,000 head. Hogs in fair demand at 10@11c.

MARKETS BY TELEGRAPH.

New York Stock and Money Market.

NEW YORK, Oct. 12.—There is a fair demand for money, but the market remains very easy at 4 per cent. as the general rate for call loans; prime discounts are quoted at 5@6 per cent. The market for foreign exchange is dull. Bankers bills in London are quoted at 106¾ for 60 days', and 107¼ for short sight. The Continental are 77¼ on Bremen; 35¼ on Hamburg; 40¼ on Frankfort, and 70¾@71¼ on Berlin and Cologne. The feeling in the gold room is very bullish and the price rose to 153⅜@153¾.

Gold has been loaned from 1 per cent. to flat. Government securities closed steady, at the following quotations: Registered '81, 112⅝@112¾; Coupons '81, 112¼@112½; 5-20s Registered '62, 105⅝@106; 5-20 Coupons '62, 111¼; 5-20 Coupons '64, 110@110½; 5-20 Coupons '65, 110¼@110½.

In Wall street to-day the name of the firm of Trover & Colgate was forged for $3,600 on the Merchant's Bank and duly cashed by the paying teller. The public are warned against such a check.

The Stock market firm and active at the last open Board. After call prices were well sustained in the lower hall of the Stock Exchange and the market was higher in several instances. The volume of business is steadily increasing, and almost every stock on the list is more or less in the hands of cliques.

The following were the closing prices at 4:30 P. M.; Toledo and Wabash, 52⅜; Ohio and Mississippi, 34¼; Canton, 56⅛@56¼; New York Central, 118⅜@118½; Erie, 84¼@84½; Hudson River, 123@123; Reading, 116⅛@116¾; Michigan Central, 117½@118.

The *Post's* money article says: The loan market is easy at 4@5 per cent. Discounts—The demand is rather larger and good bills pass readily at 5@6 per cent. The Stock market is less active and quotations irregular. After the Board the quotations were: New York Central, 117¾; Erie, 73¾; Hudson River, 122⅝; Reading, 115½; Michigan Southern, 90½; Chicago and Rock Island, 108¾. Foreign Exchange is dull. Bills at sixty days on London, 105¾@106; for Commercial, 106½@107; for Bankers' do, at short sight, 107⅛@107⅜.

The *Commercial's* money article says: Stocks have this morning taken another strong upward bound. There are large buyers for Ohio and Mississippi Certificates, Hudson River, Michigan Southern, North Western, Toledo and Wabash, and Alton and Terre Haute, and each of these stocks show considerable advance. Governments exhibit a reaction from the depression produced yesterday by the Philadelphia bogus dispatch. Five-Twenties of 1862 are firm at 113¾, notwithstanding a decline in gold. The issue of 1865 sold freely at 110@110¼; the first series of Seven-Thirties are ¼ better, selling at 106½.

The money market is active, owing to the enlarging transactions in stocks. The prevailing rate on call is 4 per cent. but the exceptions at 5 per cent. are more numerous. The movement of currency westward, has almost ceased, and at the Western cities, exchange is in our favor. Discounts remain comparatively quiet, at 4½@6 per cent. for prime names. Foreign Exchange is rather more active, and the rates a shade firmer. There is, however, still a very general disposition to purchase in hope of lower prices for gold. Stocks better; Toledo, 125⅝; Toledo, Wabash & Western, 51⅜; Alton & Terre Haute, 48¾, do preferred, 76; Chicago & Northwestern preferred, 75¾; Milwaukee & St. Paul, preferred, 76¼; Milwaukee & St. Paul, 59; Chicago, Burlington & Quincy, 136 Chicago & Northwestern, 46¾. Cleveland & Pittsburgh, 94½; Illinois Central, 129; Michigan Central, 117½; Reading, 116⅛; Hudson, 122¾; Erie, preferred, 86; New York Central, 118¾; Michigan Southern, 90⅝. 5-20 coupons, 62¼; do 65, 110¼; Treasury, 7-30; Western Union Telegraph, 54¼.

New York Dry Goods Market.

NEW YORK, October 12.—The Dry Goods market opened dull and inactive in almost all the branches of the trade this morning. The prospect of storms has kept strangers from the market and the inclement weather this morning prevents important transactions. The advance in cotton has made holders firmer in views and buyers decline to take goods until a more favorable condition shall be apparent. Prices are nominal.

The season's activity is well over, and the fluctuations in the raw material has unsettled the remaining business in cotton goods very much. The jobbing houses keep up with small receipts, with the leading makes of goods by the agents each day, and take them up as soon as they arrive, so that stocks do not accumulate in agents' hands. Brown and Bleached domestics are quiet for the moment. The advance in cotton has caused holders to be quite firm, and buyers decline to operate at the advance. Standard Brown goods are not changed in price; they are generally held at 23c. Some few makes are a trifle lower.

The prices of bleached goods remain firm for leading makes. The following prices were quoted: Dwight B, 20½; Nashua X Y, 22½; Dynan E, 23; Medford, 21½; Standard, 20. Ticks and Denims are steadily held and stocks are light. Canton flannels are in light supply for leading makes, and are wanted. Prints are without change. The trade in these goods has become very quiet, and a few cases are received daily by the agents. These are distributed as soon as they come at prices substantially the same. The supply is just equal to the present very light demand. Woolen goods are very quiet with the exception of the lighter kinds. Flannels and Lindseys are in steady request and prices are well maintained. Blankets are in great variety of handsome makes and sell steadily. Most branches of foreign goods are query quiet to-day. The market has become more irregular and the storm prevents any particular enquiry this morning. The call for high-colored all-wool Plaids, Velvets and other goods suitable to the latest fall trade is very steady and prices are kept up.

New York Produce Market.

NEW YORK, October 12.—Cotton quiet; 39c for Middling Uplands, and 40c for Orleans. Tide-Water Receipts.

The quantity of flour, wheat, corn and barley left at tidewater during the first week in October, in the years 1865 and 1866, was as follows:

	Flour.	Wheat.	Corn.	Barley.
1865	28,400	211,800	782,300	475,000
1866	18,000	186,800	938,100	191,700
	Dec. 12,400	Dec. 24,600	In. 153,800	Dec. 283,300

The aggregate quantity of the same articles left at tidewater from the commencement of navigation to the 7th of October, inclusive during the years 1865 and 1866, was as follows:

	Flour.	Wheat.	Corn.	Barley.
1865	519,000	5,945,200	11,277,200	1,049,600
1866	133,100	2,448,100	20,117,000	537,300
	Dec. 385,900	Dec. 3,497,100	In. 8,840,000	Dec. 512,300

By reducing the wheat to flour, the quantity of the latter left at tidewater this year, compared with the corresponding period last year, shows a deficiency equal to 1,085,320 bbls. of flour.

RIVER NEWS.

The river continues to swell steadily at this point, with nearly eight feet in the channel by the pier marks last evening. As yet, strange to say, the Allegheny has risen but very slightly above, a telegram from Oil City reporting but twenty-two inches. Thus far the rise has been in the Monongahela and lower end of the Allegheny. The weather continues cloudy and dark, with frequent showers of rain.

The arrivals include the Kate Putnam and America, from St. Louis, and the Glasgow, from Parkersburg. The Robt. Moore, from Portsmouth, had not arrived when we left the wharf, but she was expected in last evening. There were no departures aside from the regular packets.

The Glasgow has withdrawn from the Pittsburgh and Parkersburg trade, and will load in turn after the Bertha for St. Louis.

The Columbia was expected up from the dock last evening, where she has been undergoing repairs, and will load in turn for Cincinnati and Louisville after the Argosy. Hereafter, she will be commanded by Capt. D. W. Marratta, late of the Robt. Moore, and a very clever steamboatman.

The Ezra Porter, Capt. J. H. Porter, will positively leave for New Orleans today—Capt. Porter expects to get off about noon. She will be followed by the America, Capt. T. H. Golding, leaving sometime next week.

The Argosy, Capt. Vanvergrift, with Mr. Walter Scott in the office, is filling up rapidly for Cincinnati and Louisville, and will doubtless be ready to leave this evening. Passengers and shippers should bear this in mind.

The Bertha, Capt. Piersel, will in all possibility be ready to leave for St. Louis this evening, and we hope she will receive, as she deserves, a good trip. Capt. Piersel is a very attentive and clever officer.

The Wananita left St. Louis for Pittsburgh on Wednesday. Among other items of freight she has the following: 38 bbls barytes for J. Schoonmaker & Son; 1057 sks wheat for J. S. Liggett & Co; 305 pigs lead for B. L. Fahnestock & Co., and 64 bbls fire clay for T. Coffin.

We find the following particulars in reference to the sinking of the Yorktown in the Wheeling *Register*.

The steamer Yorktown bound from Cincinnati to Pittsburgh struck a reef of rocks in the Ohio river near Proctor, about thirty miles below Wheeling, about an hour after daylight on Wednesday morning, and sank in eight or ten feet water. She was pretty heavily freighted, and had on board a number of passengers. The Edinburgh came along about an hour after the disaster, and took aboard the passengers of the ill-fated steamer and brought them to this city. The water was about a foot deep on the first deck of the sunken steamer, and as the hold was filled with flour, sugar, etc., the freight will be badly damaged. The bottom of the boat, near the bow, was badly damaged and torn to pieces by the rocks. The Yorktown was owned by Captains Ebbert and Poe, of Pittsburgh, in which city she was partially insured, and to which place a greater portion of the freight was consigned.

The Quickstep arrived at Cincinnati on Wednesday, and was advertised to leave again on Thursday; also, the Nora and Delaware. The Spray left Cincinnati for Pittsburgh on Wednesday. It is reported that she had a cargo of iron engaged—at Hanging Rock, we suppose.

A dispatch announces that the Mollie Dozier, which sunk on the 3d inst., at Papilion, just below St. Mary's, has broken in two, and cannot be raised. The Mollie was owned by Captain Fred. Dozier, and valued at $75,000, and insured for $50,000.

The Pilots' Association of the Memphis division, or Cairo and New Orleans, Arkansas and White river pilots, has disbanded, with the view of the reorganization of their association on a more solid basis. Their by-laws and regulations will be similar to the Engineers' Benevolent Association.

Says the Louisville *Courier*, of Wednesday: The People's Line boats, the St. Charles and the Wild Wagoner, as will be seen by referring to our advertising columns, are offered for sale. The former is at Cincinnati, and the latter is laid up over at Jeffersonville. They are very good packet boats, and would suit the Memphis trade.

The majority of the stockholders in the People's Line are very anxious to keep up the organization, and to run one or two boats between this city and Cincinnati. They desire first to wipe out old scores, and commence anew with a new directory, and all express unbounded confidence in Capt. Jesse K. Bell.

MEDICAL.

GREENBACKS
ARE GOOD.
BUT
ROBACK'S BITTERS
ARE BETTER,

Roback's Stomach Bitters,

After years of experience and trial, have proven to be the best remedy extant for all complaints where a tonic and stimulant are required. They never fail to strengthen the weak, impart vigor to the strong, and in all respects restore shattered and broken down constitutions. No remedy has been received with as much favor as ROBACK'S STOMACH BITTERS.

ROBACK'S

FEMALE COMPLAINTS.

GREENBACKS
ARE GOOD,
BUT

It is admitted by our most learned physicians that DR. ROBACK'S BITTERS combine the properties of a gentle laxative, an efficient anti-billious agent and the best stomachic known to the world.

ROBACK'S

BITTERS should be used by convalescents to strengthen the prostration which always follows acute diseases.

In the bilious districts of the West and South, there has, for a long time, been much needed, an article of Stomach Bitters, which, if taken in proper quantities and at the proper time, are a sure preventative of

Bilious Fever, Fever and Ague, Liver Complaint, Dyspepsia, Indigestion, Jaundice, Kidney Complaints, and all Diseases of a similar nature, and

Are Better

As a preventive for bilious derangement, regulating the system and giving tone to the digestive organs, than any other known remedy.

Now that the war is over, there will be thousands seeking homes in the South. No person who values his life should go there without having constantly on hand BITTERS, as a safeguard against epidemics and maladies engendered by miasma and polluted water.

Travelers and all residents of the rank river bottoms of the west and south, and the valley of the Mississippi and its tributaries, should provide themselves with the

BITTERS.
